

CURBSIDE PICKUP DO'S AND DON'TS

Always put your recycling out to the curb the night before your collection day. The Township recycling trucks start at 6:00 a.m.

Remember - Sanitation/Recycling trucks are not on a schedule. One week your containers may be picked up at 10:00 AM and the next week at 6:30 AM. Please have all items for pick-up at the curb by 6:00 AM.

Containers for solid waste, recycling and yard waste (Paper Bags preferred) cannot be larger than 35 gallons and heavier than 60 lbs. when filled.

Recycling

Please click on the Single Stream Recycling link for guidelines

Solid Waste

Whenever possible, we ask residents to dispose of household refuse in plastic bags before placing in refuse containers. This allows our crews to move more easily through the routes. All refuse containers must be commercially manufactured and intended specifically for the purposes of containing refuse. These containers cannot be larger than 35 gallons and heavier than 60 lbs when filled. Containers not meeting these specifications will not be emptied.

Corrugated Cardboard

If unable to put cardboard in single stream container (too large), flatten. Fold and stack them into one cardboard box and place box next to container. Excessive cardboard will be picked up on your districts cardboard day.

Vegetative & Yard Waste

All vegetative waste including grass clippings, leaves, twigs, garden refuse, shrub trimmings, and tree branches up to 3 inches in diameter and up to 3 feet long must be recycled. Large paper bags or hard reusable containers (Maximum 60 lbs.) properly marked "Yard Waste" must be used. Yard waste in plastic bags will NOT be collected, but they may be brought to the recycling center and dumped out. Branches, twigs and brush must be tied in bundles.

IMPORTANT: No logs or stumps will be picked up at the curbside. They must be brought to the recycling center.
